

Ambassador Style Ideas

Description

Introduction

A truly majestic and elegant addition to the Delcor range. The Ambassador sofa is guaranteed to be the talking point of your living space. Its regal styling is based on a classic Knole sofa with its wooden finials and a unique drop-down arm feature. This is an indulgent blend of comfort & style.

Our Ambassador sofa is shown here in a stunning Linwood Tango "Jungle Jive" velvet. This lively & bright fabric features large scale tropical birds with floral accents, accompanied by a stylish brass bamboo lamp and brass drinks trolley. A tropical décor is enormously in vogue and brings a fun & quirky feel to any living space.

This extra-large Ambassador sofa is featured here in a 100% cotton Manuel Canovas Bengale Saphir fabric. A 19th century toile showing an Indian scene in the time of Raj, featuring an elephant in a tropical jungle, complete with tigers, ostriches and Moghul palaces. This stunning fabric on our Ambassador set against the two-toned blue panelled wall is a striking combination.

This Ambassador is displayed here in a richly coloured velvet by Wemyss. 'Riga' is an exceedingly hard-wearing fabric velvet and comes with a stain resist finish. A client of ours purchased several Ambassador sofas in this exact fabric for a sea view palace in Abu Dhabi. The Ambassador styling is further heightened by studding detail and matching chrome or brass hinges and castors.
