Description

Introduction

The Soho corner unit, with its clean soft edges perfectly combines comfort and versatility. This stylish contemporary design would be a perfect addition to virtually any theme of dÃ©cor.

Cubist meets contemporary in a seamless blend of style & comfort. The Soho Corner unit is displayed here in a beautiful flame red textured chenille by Warwick fabrics, which looks fantastic set against the simple concrete factory setting. This flexible modular group would easily take centre stage in a stylish, modern-day apartment.

Our Soho features here in a semi plain textured weave by Osborne & Little. This fabric â??Crowlinâ?• is available in a range of gorgeous neutral tones. This rustic scene oozes ethnic appeal with African touches, animal prints and geometric designs.

Simple yet stunning. Here we find our Soho in â??Albany & Morayâ?• ~ a cool & crisp chenille by Clarke & Clarke. This tranquil combination is like a breath of fresh air and beautifully combines pale blue duck egg tones with complementary peacock and mustard geometric patterns.
